

Dräger Rental Connect

Dräger Rental Connect offers cost effective and customizable equipment rental solutions designed to help optimize your budget and support your business needs.

Dräger

Technology for Life

Safety, compliance and cost efficiency - in a comprehensively flexible package

As a leading manufacturer of high-quality safety equipment, Dräger's customized rental solutions are designed to offer smart rental options that are designed to make sense for your business and safety objectives.

Dräger Rental Connect program leverages modern technology and decades of experience to develop intelligent solutions that simplify your equipment fleet management program, leaving you free to focus on your core business.

Portfolio

You have access to our global portfolio of high-quality gas detection equipment to help support your operational needs. Our flexible rental program helps you quickly scale up or down depending on your specific needs.

- Single and multi-gas personal detection devices supported by cloud based reporting and management software
- Calibration docking stations, accessories and consumables
- Area monitoring
- Inventory management technology

Delivered Fast. Ready to Use

Your equipment is delivered fully configured to your specifications and ready for use.

24/7 Support

From training to trouble-shooting our technical support team is ready to help.

Benefits

State-of-the-art equipment that meets safety standards. We are certified in accordance with stringent local and global guidelines including ISO 9001, ISO 14001 and OHSAS 45001 standards.

Transparent Pricing

Only pay for the equipment and services you need. It's easy to scale up or down any time—you're in control.
