

## Technical Specification

### Harstra Drying Cabinet F12

Drying cabinet for drying compressed air breathing apparatus

Made by

**Harstra**  
INSTRUMENTS

This drying cabinet, which is made entirely of stainless steel, is supplied with a stainless steel trolley as standard. It offers a large capacity for drying SCBAs, full face masks or other products.

Due to the specially developed drive-in trolley, the devices can be quickly and ergonomically pushed into the drying cabinet

- Fully automatic or time-controlled drying
- Capacity of max. 12 compressed air breathing apparatuses without bottles on a trolley with 2 x 6 hooks
- Capacity of max. 72 full face masks in wire baskets
- Drying takes place within 4 hours
- Temperature curve and measurement up to 58° C
- Air circulation by means of 4 low-noise ventilator
- Air refreshment by air outlet on top of the cabinet

Drying cabinet with Trolley for 12 SCBA (Fig. similar)

Trolley with 4 wire baskets 1/1 and 4 fine mesh baskets for F12 (incl. divider and cover) (Fig. similar)
