

# InspectionCare

## Fulfilment of legal regulations

InspectionCare is our service package for comprehensive device inspections at planned intervals to ensure your Dräger devices operate safely at all times—fulfilling and documenting all relevant legal regulations.

### ★ Benefits

- Dräger Service monitors individual device inspection intervals for reliable compliance with legal deadlines
- Reduce administrative costs with timely planning and coordinated inspection visits
- Stable costs ensured thanks to fixed annual premiums
- Easily accessible and transparent device test history due to seamless service documentation
- Safe operation of your technical equipment
- Our contractual customers are priority—quick support and fast reaction time in case of emergencies

### ✓ Standard package includes

- Individual coordination of necessary service visits
- Inspection according to manufacturer specifications
- Software updates
- Technical support hotline
- Documentation of performed services
- Travel expenses (separate fees possible for remote locations)

### ✗ Standard package does not include

- Calibration
- Preventive maintenance & repair
- Software upgrades

### + Available upgrade options

- Service during extended business hours
- Customised technical reports

### 📍 Service location

Professional and competent manufacturer service directly on-site or in one of our workshops.
