

Complete respiratory protection workshop Complete Workshop Solutions

Dräger offers the full service. We plan your respiratory protection workshop in accordance with your requirements, supply all components and hand over your new workshop ready for use.

Benefits

Planning

Dräger plans your respiratory protection workshop in accordance with your requirements. Our experienced colleagues carry out the planning of your workshop. To allow you to see your workshop beforehand, we draw it in 3D. We are happy to advise you on the selection of suitable components. We order these as soon as we have jointly agreed on the right combination.

Installation

We agree on a date when the workshop is to be installed. We fit and commission all installation components.

Handover

You will receive training for technical equipment, such as washing machines or dryers. We leave the workshop ready for your use and you can start your work immediately.

Related Products

Dräger CombiClean

Wash, disinfect, impregnate: The CombiClean machine does all these tasks.

Related Products

Dräger CombiPac

The perfect pair: The Dräger CombiPac consists of the CombiClean washing machine and the CombiDry dryer for the combined care of protective equipment, clothing and masks.
