

Product Service InspectionCare

On the safe side of legal regulations: We offer you fixed inspection costs and ensure the secure operation of your devices. Professional inspections are always carried out according to manufacturer specifications – on time and by qualified personnel.

Basic Information

Benefits

InspectionCare includes comprehensive device inspections* at fixed intervals to ensure the operating safety of your medical technology. Conforming to all legal regulations at the same time.

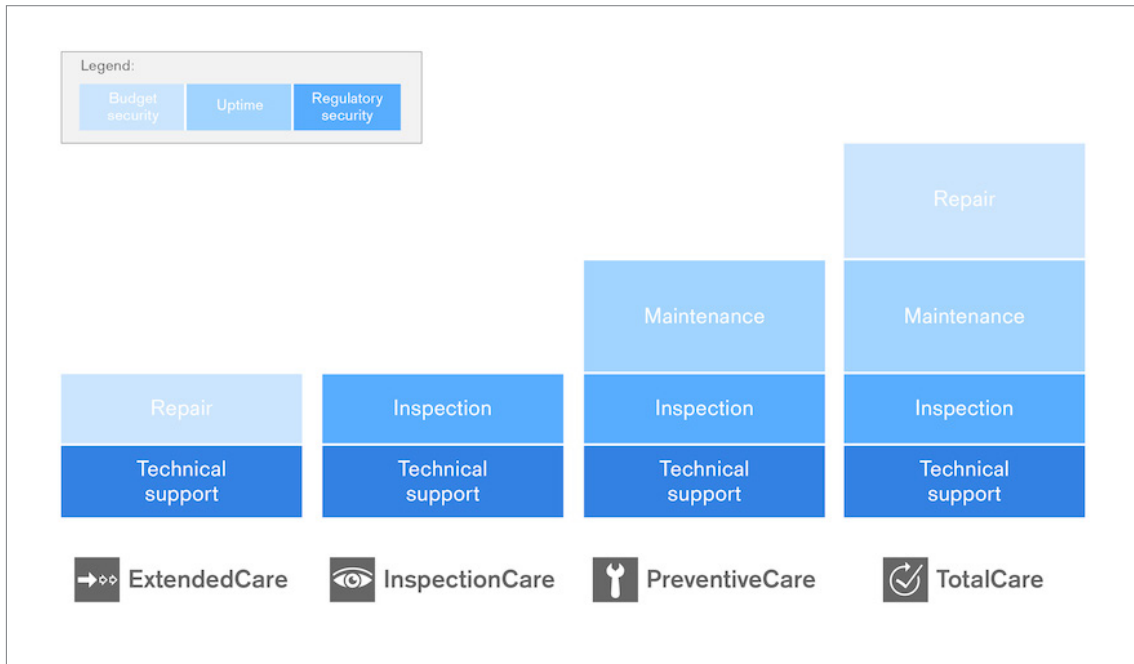

- Increased budget security due to fixed and plannable inspection costs
- Minimised faults due to timely planned inspections
- Reliable adherence to national and international quality and test standards due to professional inspections as per manufacturer's constructions
- Increased transparency due to seamless documentation and archived test history
- Technical support hotline with Level 2 and Level 3 manufacturer support: Experts respond to your questions and problems quickly and efficiently.

*) Does not apply to corrective, preventive service and parts.

Contract contents

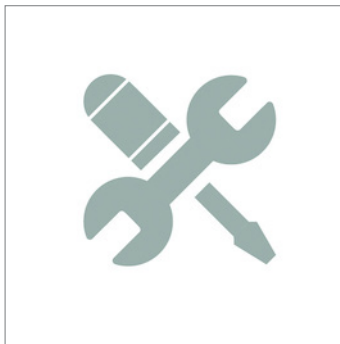

- Service documentation with test history
- Access to technical support hotline
- Staff costs for inspection
- Travel costs for inspection

Product service at a glance

Our product service offers the following contract forms: ExtendedCare, InspectionCare, PreventiveCare, TotalCare

Related Offerings

D-2331-2016

PreventiveCare

Avoid unexpected failures in advance: After all, it's better to prevent an emergency than to find yourself ill-prepared. The inspection of a device at predefined intervals includes a performance test as per the maintenance plan, the preventive replacement of parts and a service report.

Related Offerings

D-2331-2016

TotalCare

The comprehensive service package for your medical devices: Besides documentation, prevention, and function tests, we offer error analysis and quick and efficient correction – all-round security for your devices and budget.

D-2331-2016

ExtendedCare

Coverage beyond the standard warranty period. Depending on your needs, you can purchase a warranty extension of up to four years. This provides relief to your service budget by covering all of the costs in case of unplanned repairs.

D-2331-2016

Remote Service

With remote service, problems can be detected and analysed quickly – even at remote locations. This gives medical systems optimal availability. Status reports help to both manage devices better and to implement improvements continuously through the use of data.
