

Dräger in Law Enforcement

245

police officers per 100,000 inhabitants in the USA.

15,625

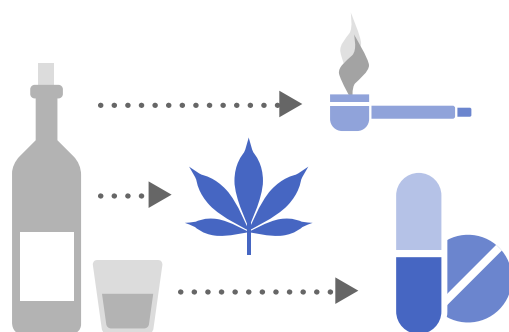

police officers per 100,000 inhabitants in the Vatican City. However, the Vatican only has 842 inhabitants.

Dräger products support police, customs and security forces all around the world.

Alcohol and drug testing

0.8%

is the permitted legal alcohol limit in England and Wales.

0.0%

is the permitted alcohol limit in Saudi Arabia, where even the possession of alcohol is prohibited.

It has long been known that alcohol is not the sole cause of serious traffic accidents. Today more accidents are caused by drugs than alcohol in the United States.

Evidential breath alcohol testing

Drug testing

Alcohol interlock

Protection on deployment

33.6 M

cargo containers were handled in the world's largest container port in Shanghai in 2013.

temperature **38 °C** body length **11 cm**

Illegal hazardous materials can be discovered by using a thermal imaging camera. The sensor is sensitive enough to detect a mouse in the container.

But what is in the containers?

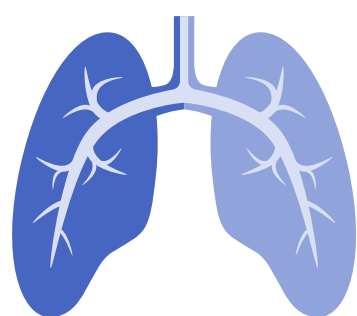

Thermal imaging camera

Mobile gas detection

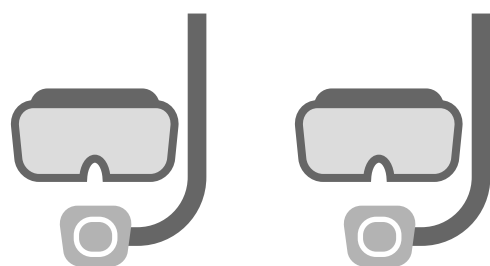

Head & body protection

Diving

50%

Human lung volume is reduced by half at a water depth of 10 meters.

Modern rebreathers provide divers with the oxygen they need. What's more, they produce no air bubbles.

Scuba diving

Rebreather

Dräger products protect, support, and save lives.
