

Disposable handle Polaris Consumables and Accessories

The sterile disposable Polaris handle is easy to mount and remove and allows you all the functions of Sterile Touch Control (STC) on all variants of Polaris surgical lights. The unique locking feature ensures user and patient safety.

Benefits

Supports Sterile Touch Control

Sterile Touch Control for our Polaris surgical lights allows intuitive control of light field diameter and light intensity. The Dräger Disposable Handle supports Sterile Touch Control of the Polaris lights without compromises.

Enhanced safety

An audible "click" confirms correct fixation of the disposable handle on the light head and prevents from slipping off the handle during usage.

Ergonomics

The ergonomically shaped inner handle ensures perfect force distribution and easy turning.

Compatibility

Available for Polaris 100/200, Polaris 600, Polaris Comfort, Polaris Pro, Polaris Pro+ and Polaris Multimedia and Polaris Multimedia.

Sustainability

Avoiding materials of concern: Latex-, PVC-, Phthalate- (DEHP or more), BPA-free.
