Observe. Question. Speak up.
Dräger Integrity Channel. Speak up! We care.

Nobody knows better than you what's going on in your environment. That's precisely why Dräger needs you. Just because it's 'always been done that way', doesn't mean it's still the right way. Is there something that potentially violates Dräger's principles of business and conduct, or violates applicable law? If you notice something, talk to your manager or compliance officer. Alternatively, use the Dräger Integrity Channel. You can access it from anywhere (anonymously, if you prefer). www.draeger.com/compliance
