

Dräger Service Canada Policy Novel Coronavirus (COVID-19)

Dräger Service follows the advice and guidelines of the Canadian Government and World Health Organization with regards to taking protective measures to reduce further spread of the COVID-19 virus.

- We will contact you prior to carrying out any work to determine to what extent work can take place and to discuss any local restrictions & PPE requirements;
- We will adhere to and respect the regulations and guidelines as drawn up by the organization where our activities are carried out;
- We only carry out work on equipment if decontamination has been completed;
- We reserve the right to refuse work if the safety of our employees cannot be guaranteed;
- We frequently wash our hands with soap and water and use hand sanitizer where available;
- We do not shake hands and avoid close contact where possible;
- We avoid meeting in groups;
- We restrict technicians working in COVID-19 high risk areas;
- We only carry out strictly necessary work on location;
- We do everything we can to make equipment and systems available to our customers;
- We keep our employees continuously informed of measures to be taken.

Dräger Service are committed to ensuring that we remain as fully operational as possible. Therefore, Dräger Service continues to carry out installations, preventive maintenance and corrective repairs in consultation with you to support your business continuity.
