

## Personal hygiene Cleaning, Desinfecting and Drying

Tough against bacteria – but soft on your skin. The gentle cleaning, disinfecting and care products protect the skin even if used frequently.

ST7476-2008

## Benefits

---

### Hand cleaning

The soap-free wash lotion Manisoft® with skin-neutral pH-value has a high cleaning effect and is soft on your skin at the same time – even if used frequently.

---

### Hand care

The caring skin lotion Silonda® maintains and regulates the skin's moisture especially if used frequently for washing and disinfections. It is absorbed quickly, can be used sparingly, is comfortably cool and refreshing and is particularly suitable for the care of dry and sensitive skin. For intensive care, there is Silonda® Lipid with repair effect. The lotion balances out the loss of skin moisture and lipids and helps the skin to regenerate.

---

### Athlete's foot prophylaxis

Autoderm® Extra protects the skin against bacteria, fungi and viruses and is an especially efficient prophylaxis against athlete's foot and warts (papovaviruses). The disinfectant spray has a broad spectrum of activity, it prevents new infections, has a deodorant effect and refreshes the skin. Laudamonium® provides the fast and secure disinfection of surfaces in baths and sanitary areas. It is possible to walk on cleaned floors barefoot without any problems. The solution is also suitable for hygienic disinfection of hands and body.

---

### Hand disinfecting

Skinman® Soft is a pH-neutral disinfectant that is gentle on your skin and particularly suited to sensitive hands. It prevents the skin from becoming dry even if used frequently, it is effective against a broad spectrum of bacteria and ensures optimal protection over several hours.
