Real people behind every product

BEHIND EVERY DRÄGER DEVICE IS A TEAM OF PEOPLE WHO CAN HELP YOU WITH EVERYTHING FROM COMPREHENSIVE TRAINING TO CONTINUED SUPPORT. WE ARE HERE FOR YOU 24/7.

At Dräger, safety is more than a collection of products – it is a passion. Guided by the philosophy, “Technology for Life,” Dräger creates products that protect, support and save lives.

Dräger is an international leader in the fields of medical and safety technology. A family-owned company established in 1889 in Lübeck, Germany, Dräger has evolved into a publicly traded, global organization over five generations.

Today, Dräger employs about 13,500 people worldwide, is present in more than 190 countries, and has sales and service subsidiaries in over 40 countries to support customers around the world.

ABOUT DRAEGER, INC.

Dräger has over 60 years of experience in breath alcohol analysis. In the United States, the company’s proven drug and alcohol detection solutions are represented by Draeger, Inc.

At Draeger, Inc., we are dedicated to advancing safety on the road and in safety sensitive industries by supporting law enforcement, criminal justice, and industries regulated by the Department of Transportation. We offer a complete portfolio of innovative solutions – including preliminary and evidential breath alcohol testing, oral fluid drug screening systems, and breath alcohol ignition interlock devices.

With a network of over 600 service locations, an in-house service department and a team of expert training and support specialists, we strive to exceed the expectations of each and every one of our customers.
